This report is very flattering as far as a few far western points are concerned, but as concerning the church generally it is depressing to your secretary and a dishonor to God. Since the first of August not one hundred dollars has been contributed for general missions outside of the several conferences held in the West, and thus far this month, Nov. 14, not one cent has come into my hands.

It is sometimes said that it were better not to have so many conferences and contribute the money they cost for missions, but facts prove that but few people think of making missionary offerings unless they are brought under the influences of enthusiastic conferences or missionary meetings.

Let me again emphasize the fact that we need money for the Chicago church. We must have money to maintain our missions. It is to be hoped that the pastors will arouse to a sense of their duty to men, to the church, and to God, and see to it that work so well begun, and so signally blessed of the Lord will be maintained. The responsibility rests with the pastors; they are the mouth-pieces of the church.

The Mission Board is reorganized as follows. President, D. Crofford, Secretary, R. Z. Replogle, Treasurer, A. Trent. Now let us have a liberal response with funds for this year. We have already a very favorable report of our State Evangelist and we expect to hear of greater things. He is now at work in Black Log Valley and we expect to hear from him often. We have also decided as a Board to have regular monthly meetings 2nd Wednesday of each and every month. Members of the Board outside of the city please notice. Also all who may have communications to offer relative to the work. Send all money to R. Z. Replogle care Incline, Johnstown, Pennsylvania, as well as communications or correspondence relative to the work or else to D. Crofford Suppes building Johnstown, Pa. Let us make a great year for the work of the church.

Glory to God. We will be in our new church on the 24th inst. Everything is about completed, only a few more finishing touches to be done. It was a great sight to see the Sisters sitting on the church floor sewing the carpet, they worked at it until 10 o'clock last night.

Today the pews were placed in their proper places and the platform arranged and tomorrow both the interior and the exterior will be photographed and I understand the pictures will be reproduced in the EVANGELIST at an early date.

We are having considerable sickness among the members. The families of Brothers Talley, Barth. Ellis as well as my own have had a share of it but thanks be to God all have or on the road to recovery. We are looking for a goodly number of out of town friends to attend the dedication ceremony on the 24th.

From the National Capital

The work in this city is moving on without any particular variation from its usual course.

The congregations have been very encouraging and the interest seems gradually increasing. During the late revival services I made the acquaintance of quite a number of strangers, and since then have called at their homes. I am convinced more than ever that it is the personal work that tells the most. In fact I have been doing so much of that kind of work the past few months that I have let a great deal of other necessary work go undone. And that is why I have not written more for the BRETHREN EVANGELIST the last few weeks, tho I do not mean to say that that is necessary work, excepting in the sense that it is necessary for all of us to aid in every possible way in publishing our church paper. The mission work is very important, the college is absolutely indispensable, if we ever expect to accomplish any thing worthy of a record, and yet without the church paper, we cannot succeed with college or missions. I am hoping and praying that very soon there will be a general awakening thruout the brotherhood along this line. Just think what an easy thing it would be to add not only hundreds of subscribers to the list but
